

GEORGE STREET, HOVE, FARMER'S MARKET- 2008

SECONDARY PRODUCER'S INFORMATION

Common Cause Cooperative, 20 North Street, Lewes, BN7 2PE. ☎01273 470900

Email: hovefarmersmarket@commoncause.org.uk

Common Cause is committed to supporting the local economy of Sussex and surrounding counties. We already have a policy of giving *priority to those secondary producers who use the most local ingredients*. We also want to produce information for market customers, giving the provenance of ingredients of processed foods sold at market. This will raise awareness of the availability of locally grown/raised primary produce, both for customers, and for you as a secondary producer. It is also an extra opportunity for you to promote your use of local ingredients. This also applies to the use of organic/fair trade ingredients where local is not available.

Please complete this form listing as much information as possible about the original source of the primary ingredients you use. Where possible, name the farm where the ingredient was grown or raised. At the very least we require information on where you purchase the product, and its country of origin. We ask you to include any ingredient that constitutes 10% or more of any product you sell. Please also indicate any categories such as organic, free range, Conservation Grade, etc.

****For new applicants this information is essential information for any decision to offer you a place or not, and the more thorough information you provide, the quicker the decision process will be.****

1. Please list all the products you wish to sell at market (for example different types of cakes, meat, veg or fruit pies, etc):

2. Please list all ingredients that constitute more than 10% by volume, mass, or value, **of any single product you sell.**
