East Sussex Food & Health Partnership works to promote a sustainable local food system that supports good nutrition, as well as human and animal health. The Partnership seeks to reconnect consumers with producers to create a food system that brings benefits for our health, community, environment and the local economy. In addition the Partnership acts as a forum for the co-ordination of local food work across the county and informs policy at local, regional, national and international levels.

The Partnership runs a range of food action projects including

- **Grab 5 Be Alive!**
- **Community Chefs**
- **Fresh Ideas**
- **Community Dietitian**
- **Training**
- **Awareness Campaign**
- **Local Food in Public Sector Catering which includes:**
 - **SEASONAL CUISINE** training course based at Sussex Downs College
 - **MENU PLANNING AND THE PUBLIC SECTOR** Support on developing menus and recipes to reflect the local seasons
- **Resources Available**
 - **'THE FRIENDLY VEGETABLE BOOK'** Written by Tina Deubert, ideas for tasty meals using local produce with this easy to use and attractive recipe book
 - **BEET THAT! CARD GAME** A new competitive card game for children using the nutritional powers of 33 different fruits and vegetables
 - **SUSSEX FOOD FINDER** A directory of local producers across Sussex, produced by Action in rural Sussex. Contact Anne-Marie Bur telephone: 01273 473422

The Netherfield Centre is a joint venture between Plumpton College and Common Cause Co-operative. The Centre delivers advice, guidance, training and facilitating networks among farmers and growers and between producers and local retail outlets. Advice is offered to local farmers, growers and landowners on a drop-in or farm-visit basis, as well as over the telephone and via email. Recommendation can be given of other farming or environmental advisors and experts in the area

The Centre is working with farm enterprises to increase their financial and environmental sustainability through diversifying production, adding value and rebuilding local market networks with farm, village and urban retail and catering outlets.

Innovative training courses are designed in response to specific needs and are tailored to fit around the working times of individuals involved. The courses cater for everyone from young school leavers and adults gaining their first farming experience, to older students acquiring more detailed specialist knowledge.

Example training courses:

- Forage Analysis and Winter Rationing for Livestock
- Lambing
- Starting a Beef Herd. Starting a Sheep Flock. Starting a Pig Herd
- Managing a Mixed Farm Part 1 & 2
- Protecting Cropping, Herbs and Marketing
- Adding Value to Home Produced Meat and Direct Marketing
- Introduction to Grassland Management and Weed Control
- On Farm Selection of Finished Livestock and Carcass Quality
- Environmental Schemes/CAP Reform
- Soil Fertility and Care

Contact us for a full training list.

Register with The Netherfield Centre and receive

- **Quarterly Newsletter**
